

Introducing Preston Christian Action Network

www.pcan.org.uk

Preston Christian Action Network is an emerging network of churches and Christian social action projects in the city. Our aims are

- to encourage good practice in Christian social action
- share expertise, information and resources
- promote the church's contribution in community welfare
- get more Christians involved in prayer and practical action
- tackle local poverty and urban deprivation together

We want to be a generous table where Christians from the widest range of denominations, traditions and cultures will be welcome. PCAN covers the districts of Preston and South Ribble.

CROSS OVER VOLUNTEERING

We also employ a part time volunteer co-ordinator (Phil Moore) to manage our Crossover Volunteering exchange service, and the drop in for homeless and vulnerable people at Central Methodist Church. If you want to offer help to a local project tackling poverty and deprivation, or are looking for volunteers for your church or community project.

Contact Phil Moore on 07407760572. or by
Email: phil.moore@methodistaction.co.uk

The network is being supported by the Church Urban Fund and Methodist Action and is guided by a local advisory group of community activists and Christian leaders.

If you want to get involved in PCAN or think we can help your project contact our part time co-ordinator

Greg Smith
